Your Unicorn Real Estate agency is offering this townhouse for sale, featuring 154 m² of living space, with contemporary lines that create a bright and warm interior.

In the living area, large floor-to-ceiling windows let in plenty of light and open up views to the outdoors. The hardwood floors add warmth to a space where the living room and dining room flow naturally into one another, offering a pleasant setting for entertaining or spending time with family.

The south-facing terrace extends this living space. In the warmer months, it becomes a true additional living area, perfect for both dining with friends and relaxing.

The fully equipped kitchen features a minimalist design, highlighted by dark cabinet fronts and built-in storage. Its countertop adds a touch of warmth and is perfect for everyday use.

The sleeping area consists of three bedrooms, a bathroom with a bathtub, and a shower room with double sinks. Adjacent to one of the bedrooms, the shower room provides a more private space. Upstairs, a second terrace offers another spot to enjoy the outdoors.

In the basement, an office separates the workspace from the living areas. A laundry room and a utility room complete this level and enhance the home's functionality.

Two parking spaces—one under a carport and the other outdoors—round out the property.

This home will appeal to lovers of contemporary interiors who are looking for a cozy, family-friendly living space that's open to the outdoors and tailored to a family's lifestyle.
